

COMANCHE

June 24, 2020

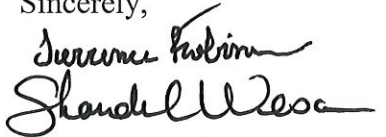

Dear Tribal Members,

The Comanche Nation's top priority is the health and safety of our Tribal Members and the Lawton community. Due to the latest information on COVID-19 it is our responsibility to reduce the spread of this virus. Decisions have been made with the health and well being of each Tribal Employee, Tribal Member, and the Lawton Community and came up with this determination.

Effective Immediately, the Comanche Nation Waterpark and Nations of Fun will be closed during this Summer season. With the uncertainty of this virus Comanche Nation does not want to take a chance in opening the Waterpark or Nations of Fun and someone come down with COVID-19 due to exposure.

Thank you for your understanding and we apologize for any inconvenience this may have caused. The safety of our Tribal Members and Lawton Community is the upmost priority to Comanche Nation.

Sincerely,

Shandell Wesa
Comanche Nation
